The key to holiday let bathrooms are

Easy Cleaning - Flat surfaces & less parts

Easy Maintenance - Less moving parts, easy to change thermostats & parts

Easy Spares - Parts available within 24-48hrs

Easy on the Eye - if you are going for simple lines, modern feel or a designer style make it something they will remember for the right reasons

Good Value - Products that are made for heavy use environment and built to last at affordable price

We supply additional accessories and options including mirrors, brass/black finishes as well as a portfolio of Luxury products depending on your budget.

We offer a re-fitting service (subject to location) for quick turn-around to ensure your holiday let is not out of action for a long period.

Tips

Don't use storage as this gives a place for people to leave items & increases the cost for the bathroom

Use wall hung where you can as it makes life easier for cleaning

Use fixed panels or hinged doors as this will make it easier to clean and maintain with less moving parts

Use the soap basket to keep soaps off the shower tray and bath surround

Big tiles means less grout to clean
